Architect Gunveer Singh talks about environmental architecture with The Tiles Of India

## RESTAURANT

## HOLLYWOOD GLAMOUR

Ana Milena Hernández and Christophe Penasse of Masquespacio have designed a unique nature-inspired restaurant in collaboration with Essential Homes which reflects the ultimate fine dining and design experience with Hollywood glamour style through unique textures and color combinations.

Masquespacio is an award creative studio created in 2010 by Ana Milena Hernández Palacios and Christophe Penasse. Combining the two disciplines of their founders, interior design and marketing, this Spanish design agency creates custom-made branding and interior projects through a unique approach that results in fresh and innovative concepts.

# RESTORATION

## DECADENTLY ROYAL

The Rajbari Bawali has a 300 year old history that has been restored to its former glory through an arduous and meticulous restoration process that lasted seven years.

Ajay Rawla is a third generation Punjabi living in Bengal and calls himself a 'Bongjabi'. He is an alumnus of Mayo College, Ajmer and an environmentalist with an eye for architecture and aesthetics, a keen mind with a self-driven hunger to learn more, to evoke the lost and untold histories of our past. From constructing the Nationally Important AGNI base in Chandipur, Orissa while living in a thatched-roof hut, to founding the National award-winning export house, The East India Natural Goods & Co, to restoring a 300 year old Rajbari to its former glory, he is committed to promoting Bengal's cultural and architectural heritage. He is the Managing Director of The East India Natural Goods & Co., as well as the Managing Director of Bawali Estate Pvt. Ltd under whose umbrella the Heritage Boutique Resort, The Rajbari Bawali comes.
