## MESMERIZING DOTS

Yayoi Kusama creates a mesmerizing experience with her installations that are well known across the world.

Yayoi Kusama is a world famous artist now best known for her Infinity Mirror Rooms. Kusama primarily worked in sculpture and installation, but made a prolific name in the world of painting, performance, film, fashion, poetry, fiction, and other arts.

Kusama was inspired, however, by American Abstract impressionism. She moved to New York City in 1958 and was a part of the New York avant-garde scene throughout the 1960s, especially in the pop-art movement. Embracing the rise of the hippie counterculture of the late 1960s, she came to public attention when she organized a series of happenings in which naked participants were painted with brightly colored polka dots.
