INTRODUCING NEW FINISHES:

IRIDIUM : The primary distinguishing feature of Iridium Finish is their steel-like appearance. They mimic the texture, shine, and color of steel, which adds contemporary and urban feel to any area. This aesthetic makes them a popular choice for contemporary interior designs.

VELVET : Velvet Finish is exceptionally smooth and tactile surface. They mimic the feel and appearance of velvet fabric, creating a sense of luxury and opulence in interior spaces. The tiles are available in various colors and shades, allowing for customization in design projects.
