## THE ULTIMATE FINISHES

### **MARBLETECH**

This finish is the closest thing to natural marble. The marble look is achieved with a special glaze coated on top of the design which has a reflective index of 45 degrees. Along with that, an elaborate polishing process gives the slab a marble-like smooth feel and shine.

### **PREMIUM POLISH**

These tiles comprise a collection of intense colors which give the most premium feel and vividness to the surface. The high-quality transparent glaze ensures unparalleled sharpness in graphics giving it a high-definition retina image.

### **POLISH**

A spectacular mirror like effect is what you get in this superior finish. The brilliant polish look is achieved with high quality glaze, that has reflective index value of more than 100%. It enhances image sharpness and creates a rich and true color look.

### **BEYOND**

This finish is made for a luxurious world and is the most premium finish. Developed with advanced digital technology, it has a smooth surface with almost zero surface reflection. It's a fine balance of design and elegance.

### **BLEND**

These tiles are inspired by nature, and are made and designed using rare minerals and metals in their veins and drafted with precision, to impart real shine, adding a realistic touch of nature to your home.

### **BOLD**

As suggested by the descriptor 'bold', this finish has a rock like effect. With the use of special technique and digital glaze machine, these special effects are created to give a real life stone effect.

### **BLISS**

These are décor tiles which come with an emboss feel. Made using high quality special glaze and a digital machine, they have a unique texture which gives line/arrow punch effect.

### **MATT/PREMIUM MATT**

These tiles are closest to natural stones to give an ambiance of nature which make them a perfect choice for indoors as well as outdoors. The matt finish complements perfectly to your vision of creating spaces that look traditional and rustic.

### **GLITZ MATT**

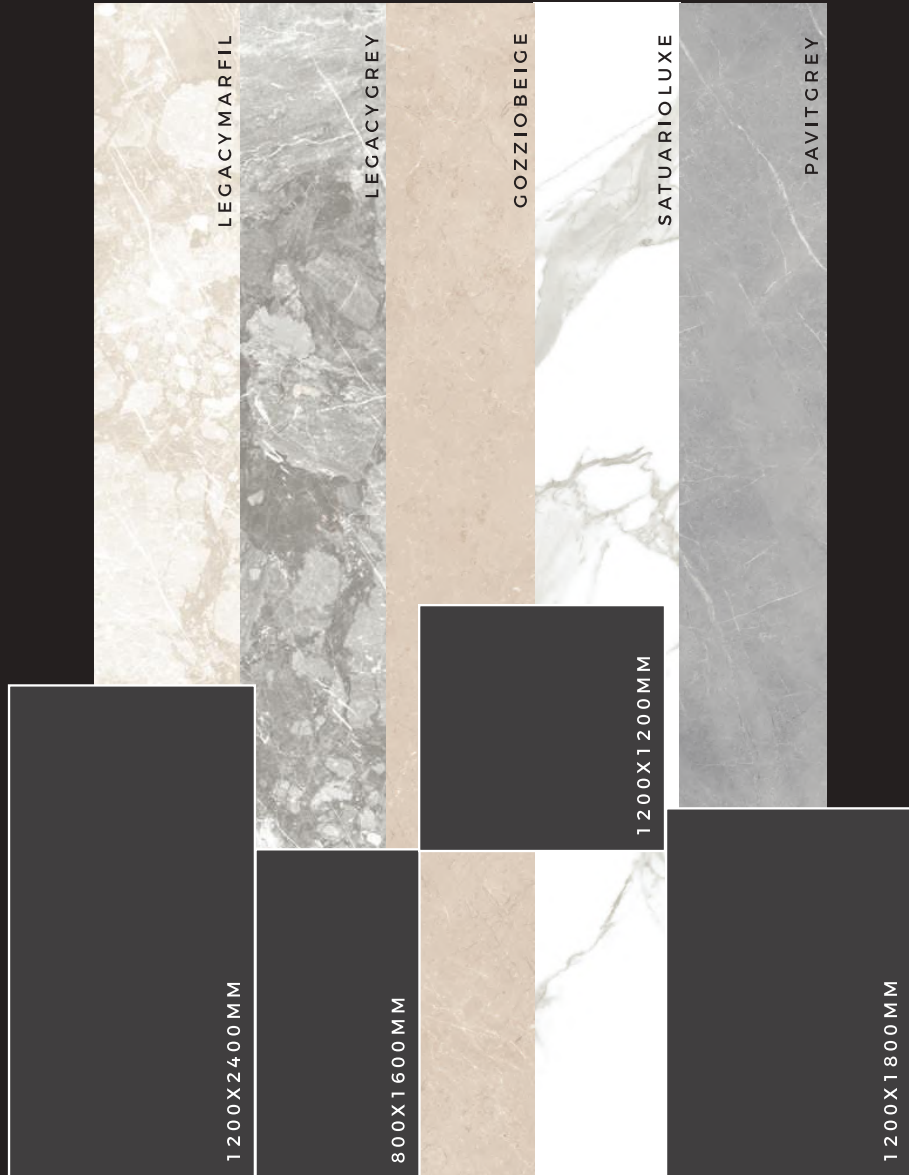

Glitz matt finish provides an embossed effect to the veins on surfaces to enhance the shine and texture, thereby giving your home a realistic feel.

### **SILK MATT**

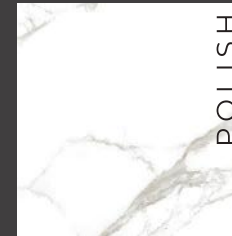

These tiles are remarkably unique and suitable for modern homes. A fine continuous feel of the feather-like surface and smooth texture can make any space luxurious.

# Resistance to acids & alkalis (Exception of Hydrofluoric acid & its compounds)

\*\* Vitrified tiles have resistance to most of the stains / chemicals but, it is recommended to take due care while laying and for day-to-day maintenance.

\* Applicable in Gailpur plant only.

- Colours in the catalogue are as accurate as printing process allows. Please check actual tile sample before making the final selection.
- Sizes mentioned in the catalogue are nominal sizes only.
- No claim will be entertained once the tiles are fixed.
- For better laying, please follow the instructions on the packaging box.
- In case it is required to lay the tiles on wall or floor in STAGGERED PATTERN, then always lay them in Overlap 20:80 ratio, as shown in VISUAL 1 instead of Brick pattern (overlap 50:50 ratio), as shown in VISUAL 2.

- Please make sure to check the shade/finish with the sales agent/dealer before making the final purchase because there might be variation in actual finish and that shown in the catalogue. The company will not bear any loss in such case.
